

# ***KALAMAZOO*** **INDUSTRIES, INC.**

**WORK SMARTER. FINISH FASTER.**

**Introducing the Kalamazoo DS12 12" Heavy-Duty Disc Sander**

**Built for Fabricators Who Demand More**

## **Why Choose the DS12?**

- Save Time – Fast, aggressive sanding reduces bottlenecks
- Boost Quality – Consistent finishing lowers rework and rejects
- Versatile – Works on metal, wood, plastics, and composites
- Made in the USA – Backed by a 1-year parts warranty
- Quick Shipping – Most units ship within 1–2 business days

## **Applications at a Glance**

- Deburring castings & cut parts
- Small-part finishing
- Shaping & profiling edges
- Weld prep & cleanup

### **Key Features**

- 1 HP TEFC Motor – Continuous power for tough jobs
- 12" Replaceable Aluminum Disc – Long-lasting, easy maintenance
- All-Steel Bench Design – Rock-solid stability under daily use
- 8" x 14" Tilting Table with Gauge – Precision control for angles and profiles
- Optional MG12 Miter Gauge & Stand – Expand your flexibility
