

KALAMAZOO **INDUSTRIES, INC.**

Kalamazoo Industries S4SV 4" x 36" Belt Sander with Debris Collector

Industrial Power. Cleaner Performance.

Built for Professionals Who Demand Clean, Precise Results

The Kalamazoo S4SV 4" x 36" industrial belt sander is your ideal solution for deburring, smoothing, shaping, and finishing metal, wood, and composite materials — now with an integrated vacuum base to keep your shop clean and safe. Designed and built in the USA for heavy-duty industrial use.

Key Features & Benefits

- **Powerful 1/2HP 1PH TEFC Motor** – Delivers consistent torque and durability for high-volume tasks.
- **Integrated Vacuum Debris Collector** – Captures dust and particles directly below the belt to maintain cleaner air and reduce fire hazards.
- **4" x 36" Abrasive Belt** – Ideal size for general sanding, deburring, and surface prep.
- **Adjustable and Replaceable Steel Worktable** – Provides solid support for precision control and long-lasting durability.
- **Spring Belt Tension System** – Ensures fast belt changes and maintains consistent tracking.
- **Belt Speed: 3,450 SFPM** – High surface speed for efficient material removal.
- **Heavy-Duty Cast Iron Frame & Platten** – Built to last in the toughest environments.

Ideal Applications

- Metal Fabrication
- Tool & Die Shops
- Foundries
- Maintenance Departments
- Woodworking Shops
- Composite Finishing
